### Professional Summary

Dynamic product designer with a passion for creating innovative wearables and soft goods. Adept at developing, prototyping, and delivering design solutions that balance functionality with aesthetics. Proficient in managing projects from concept through completion, with proven ability to collaborate with diverse teams and facilitate interdisciplinary efforts. Seeking an internship to contribute creativity and expertise to forward-thinking design teams.

### Core Skills & Expertise

**Design Specialization:** Wearables, soft goods, product design

**Software Expertise:**

Graphic Design: Adobe Photoshop, Illustrator, InDesign, Premiere Pro

**3D Modeling & Prototyping:** SolidWorks, Gravity Sketch, Rhino

Rendering: KeyShot, Adobe Substance

**Project Leadership:**

Coordinated multi-disciplinary teams in robotics competitions

Executed project plans and managed timelines effectively

**Handcrafting:** Expert in using model shop tools for rapid prototyping

**Communication:** Presented complex ideas clearly and effectively during competitions and client engagements

### Education

ArtCenter College of Design – Pasadena, CA  
BS in Product Design | Expected Graduation: 2025

Suzhou North America High School – Suzhou, China  
Graduated: 2021

California Crosspoint Academy – CA, USA  
Attended: 2018–2020

Suzhou No.3 Middle School – Suzhou, China  
Attended: 2015–2018

### Award Experience

**2016:** Achieved Gold Award, VEX Robotics Engineering Challenge – Asia Robotics Championship

**2017:**

Awarded Gold Medal, "National Essence Cup" National Youth Painting and Calligraphy Competition

Secured Silver Medal, 17th China Youth Robotics Competition

Earned 1st Prize, English Reading Contest – Foreign Research Institute Cup

Led team to 1st Prize in the Middle School Group – VEX Robotics

Engineering Challenge (World Robot Conference, Beijing)

**2018:** Silver Medal, Asian Robotics Championship (Macau)

**2019:** Competed in VEX Robotics World Championships (USA)

**2019:** Top 25% Certificate – Waterloo Math Competition

### Professional Experience & Extracurricular Activities

Volunteer & Teaching Initiatives

Music Boosters Club Volunteer – Suzhou City School for the Blind and Deaf

September 2018 – June 2019

Organized music events to foster inclusivity and social engagement.

Teacher – Jiangkou Primary School, Tongren County, Guizhou

July 2018

Guided students in both academic and extracurricular learning, motivating them to explore their potential.
